

EWITT: Middle & High Schools
Mickie Boggs of Mighty Productions
AGENDA: Saturday, May 22, 2010

Session 4.1 & 4.2: Creating Buttons in Fireworks & Building Templates in Dreamweaver

Sign In & Housekeeping

REVIEW of 5/8 Class

- Review homework (a Site Map is REQUIRED today)
- Progress update
- Questions

Fireworks Tutorial

- Create a NEW project folder
- Follow steps to learn how to create buttons
- Practice making buttons

Paper Template

- Fill in paper template to align with Site Map
- Add the links associated with each button

Fireworks Buttons

- Create buttons determined on your paper template
- Use "Save As..." to create multiple buttons

Create A Title Graphic in Fireworks

- Using your knowledge from the button tutorial and the dimensions listed on the paper template, create a title graphic for your website.

Dreamweaver Template

- Download template.html from the wiki
- Launch Dreamweaver and open "template.html"
- Design the look of your website
- Insert title graphic & buttons
- Add hyperlinks to buttons
- Create multiple pages using Save As...

Teacher's Mission: May 24 – June 4

- Build sites and add content
- Schedule visits with your Staff Developers for push-in assistance
- Bring your sites on a thumb drive to share with class on June 5th
